Senior Analyst – Visualisation Team

Norfolk & Waveney Integrated Care Board, Jan 2023 – Present

- Designed Population Health Management Analytical products using a data storytelling approach with Power BI.
- Collaborated in the design and deployment of a new Front End reporting system for our end users using Interworks Curator.
- Supported and mentored analyst colleagues with SQL and Power BI best practice, including data modelling and report design.
- Administered deployment of reports via Power BI Service.
- End to end reporting in collaboration with customers.
- Provided support and training to customers.

Senior Analyst

Norfolk County Council, Jan 2022 – Jan 2023

- Delivered an integrated performance report between health and social care, providing integrated Directors with an evidence-base for decision making, with a particular focus on improving outcomes for people with health, care and support needs.
- Worked with partners in both NCC and NCHC to coordinate activity and secure data flows to enable reporting and analysis.

Systems and Performance Officer

Norfolk County Council, Feb 2019 – Jan 2022

- Utilised SQL to validate data & liaised with operational colleagues to improve data quality.
- Provided and presented regular and ad hoc performance information to inform senior managers of outcomes for Norfolk young people.
- Supported Social Workers to use & understand their data to better plan interventions. The focus was on using data to support better outcomes for children and their families.

Data Analyst

Norfolk County Council, Jan 2018 – Feb 2019

- Monitored the integrated equipment service contract performance, working closely with clinical and operational colleagues.
- Developed performance management and bespoke business intelligence reports using complex sets of data.

Senior Technical Administrator

The Matthew Project, Jan 2017 – Aug 2017

- Development and maintenance of the On Track projects' Microsoft Dynamics 365 CRM system, and reporting via Power BI
- Provided data, system and IT support for the project workers, including several training sessions prepared and administered by myself.

Research Executive

Insight Track Ltd, Mar 2014 – Jan 2017

- Delivered against the key stages of qualitative and quantitative Market Research projects under tight deadlines, including project management, quality checking, analysis, preparing and delivering presentations for clients.
