

Report Overview

This report provides an overview of the monthly DM01 & CDC diagnostic activity and waiting list datasets where available.

Views of both N&W ICB as a commissioner and N&W Acute providers total activity and waiting lists for DM01 have been provided, with the ability to compare providers & analyse further detail across the diagnostic tests. Data is available as an in month snapshot as well as over time going back to April 2019.

CDC Data Source has changed from March 2025 due to change in National Submission. Submission has remove the ability to restrict data down to N&W ICB commissioned patients.

As a result, April 2025 data onwards this has been restricted to all activity which has taken place at the following CDCs: James Paget CDC, Norfolk and Norwich CDC, Northgate CDC, Queen Elizabeth King's Lynn CDC

Information can be filtered using the right hand filter panel to further interrogate the information. For further information on the data source please use the data available via NHS England: [DM01](#) & [CDC](#)

Navigating the Report

Interactive buttons in the header of each tab allow you to navigate to different screens of the report, or clear the filters on the current page.

The data in the report is interactive - if you select a particular area the other charts will update to reflect the selected field, deselecting or clicking on the clear filters button will revert the page to the default view. Select multiple areas by holding down ctrl and clicking on each area.

Data in the report can also be filtered using the available drop down filters on the page, or if the filter pane (to the right) is in use, additional filters can be found there.

If you have any queries please contact the team email address below, and your query will be routed to the appropriate team member.

Information Governance Notes

Under The Data Protection Act 2018 S.171(1) - It is an offence for a person to knowingly or recklessly re-identify information that is de-identified personal data without the consent of the controller responsible for de-identifying the personal data.

This report could contain potentially identifiable factors that could be deemed as special category data (sensitive data) and therefore it is not permissible to share outside the relevant departments/organisations. Not following this is a breach of the DPA 2018 S.171 (1) above, and risks the ceasing of this data flow from NHS Digital as it will be seen as a breach of the contract the CCG has with NHS Digital (NHSX). Access to Power BI reports is monitored for auditing purposes and your access may be removed if necessary.
